HYDRAULIC MANIFOLDS

Presentation

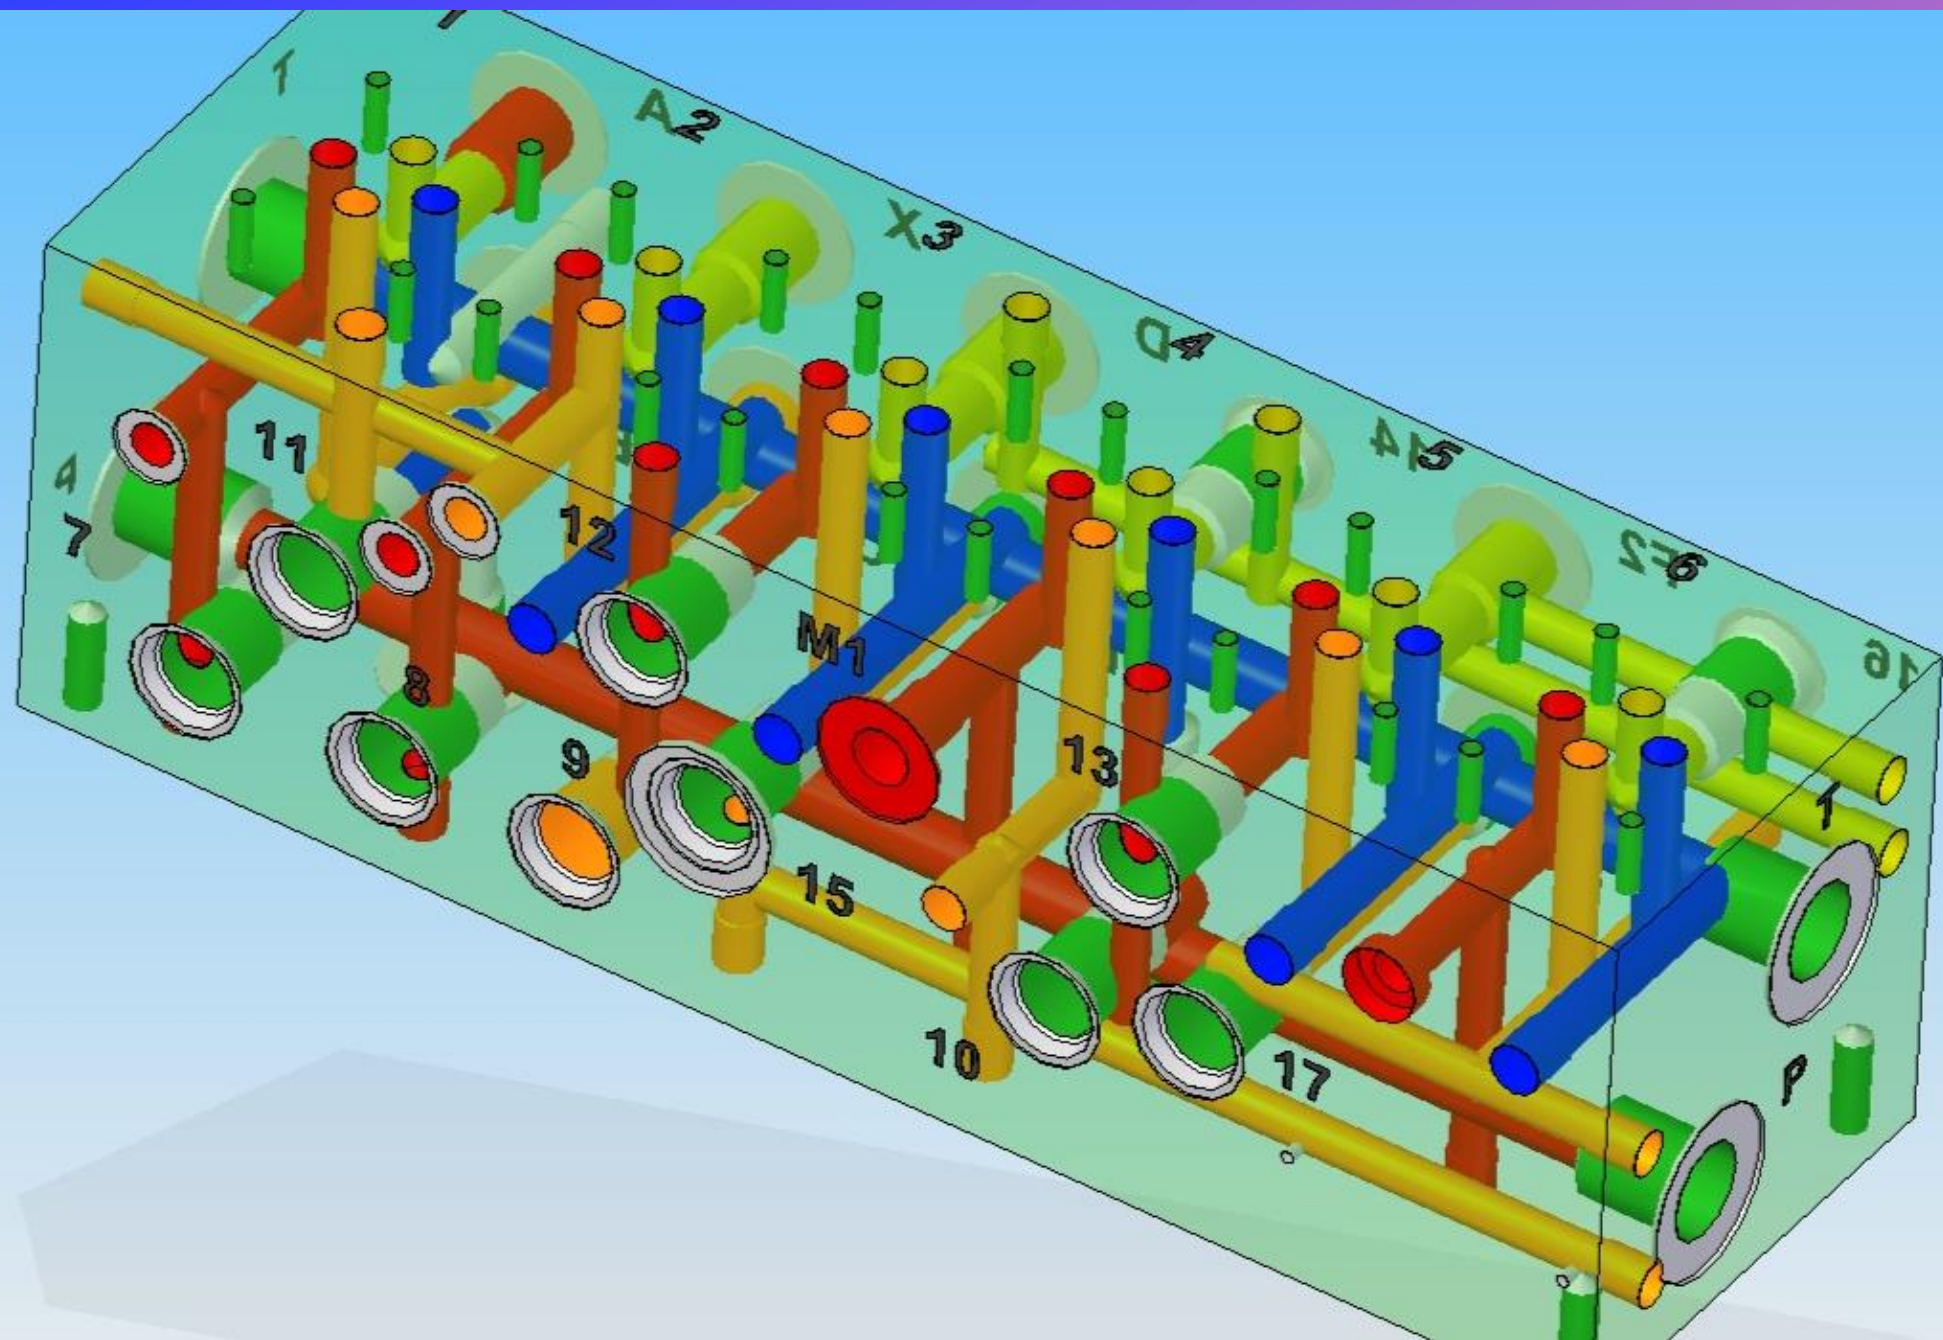

Draulitek is a supplier of custom hydraulic manifolds.

We have over 10 years of expertise in custom design and manufacturing services for hydraulic manifolds using a variety of materials.

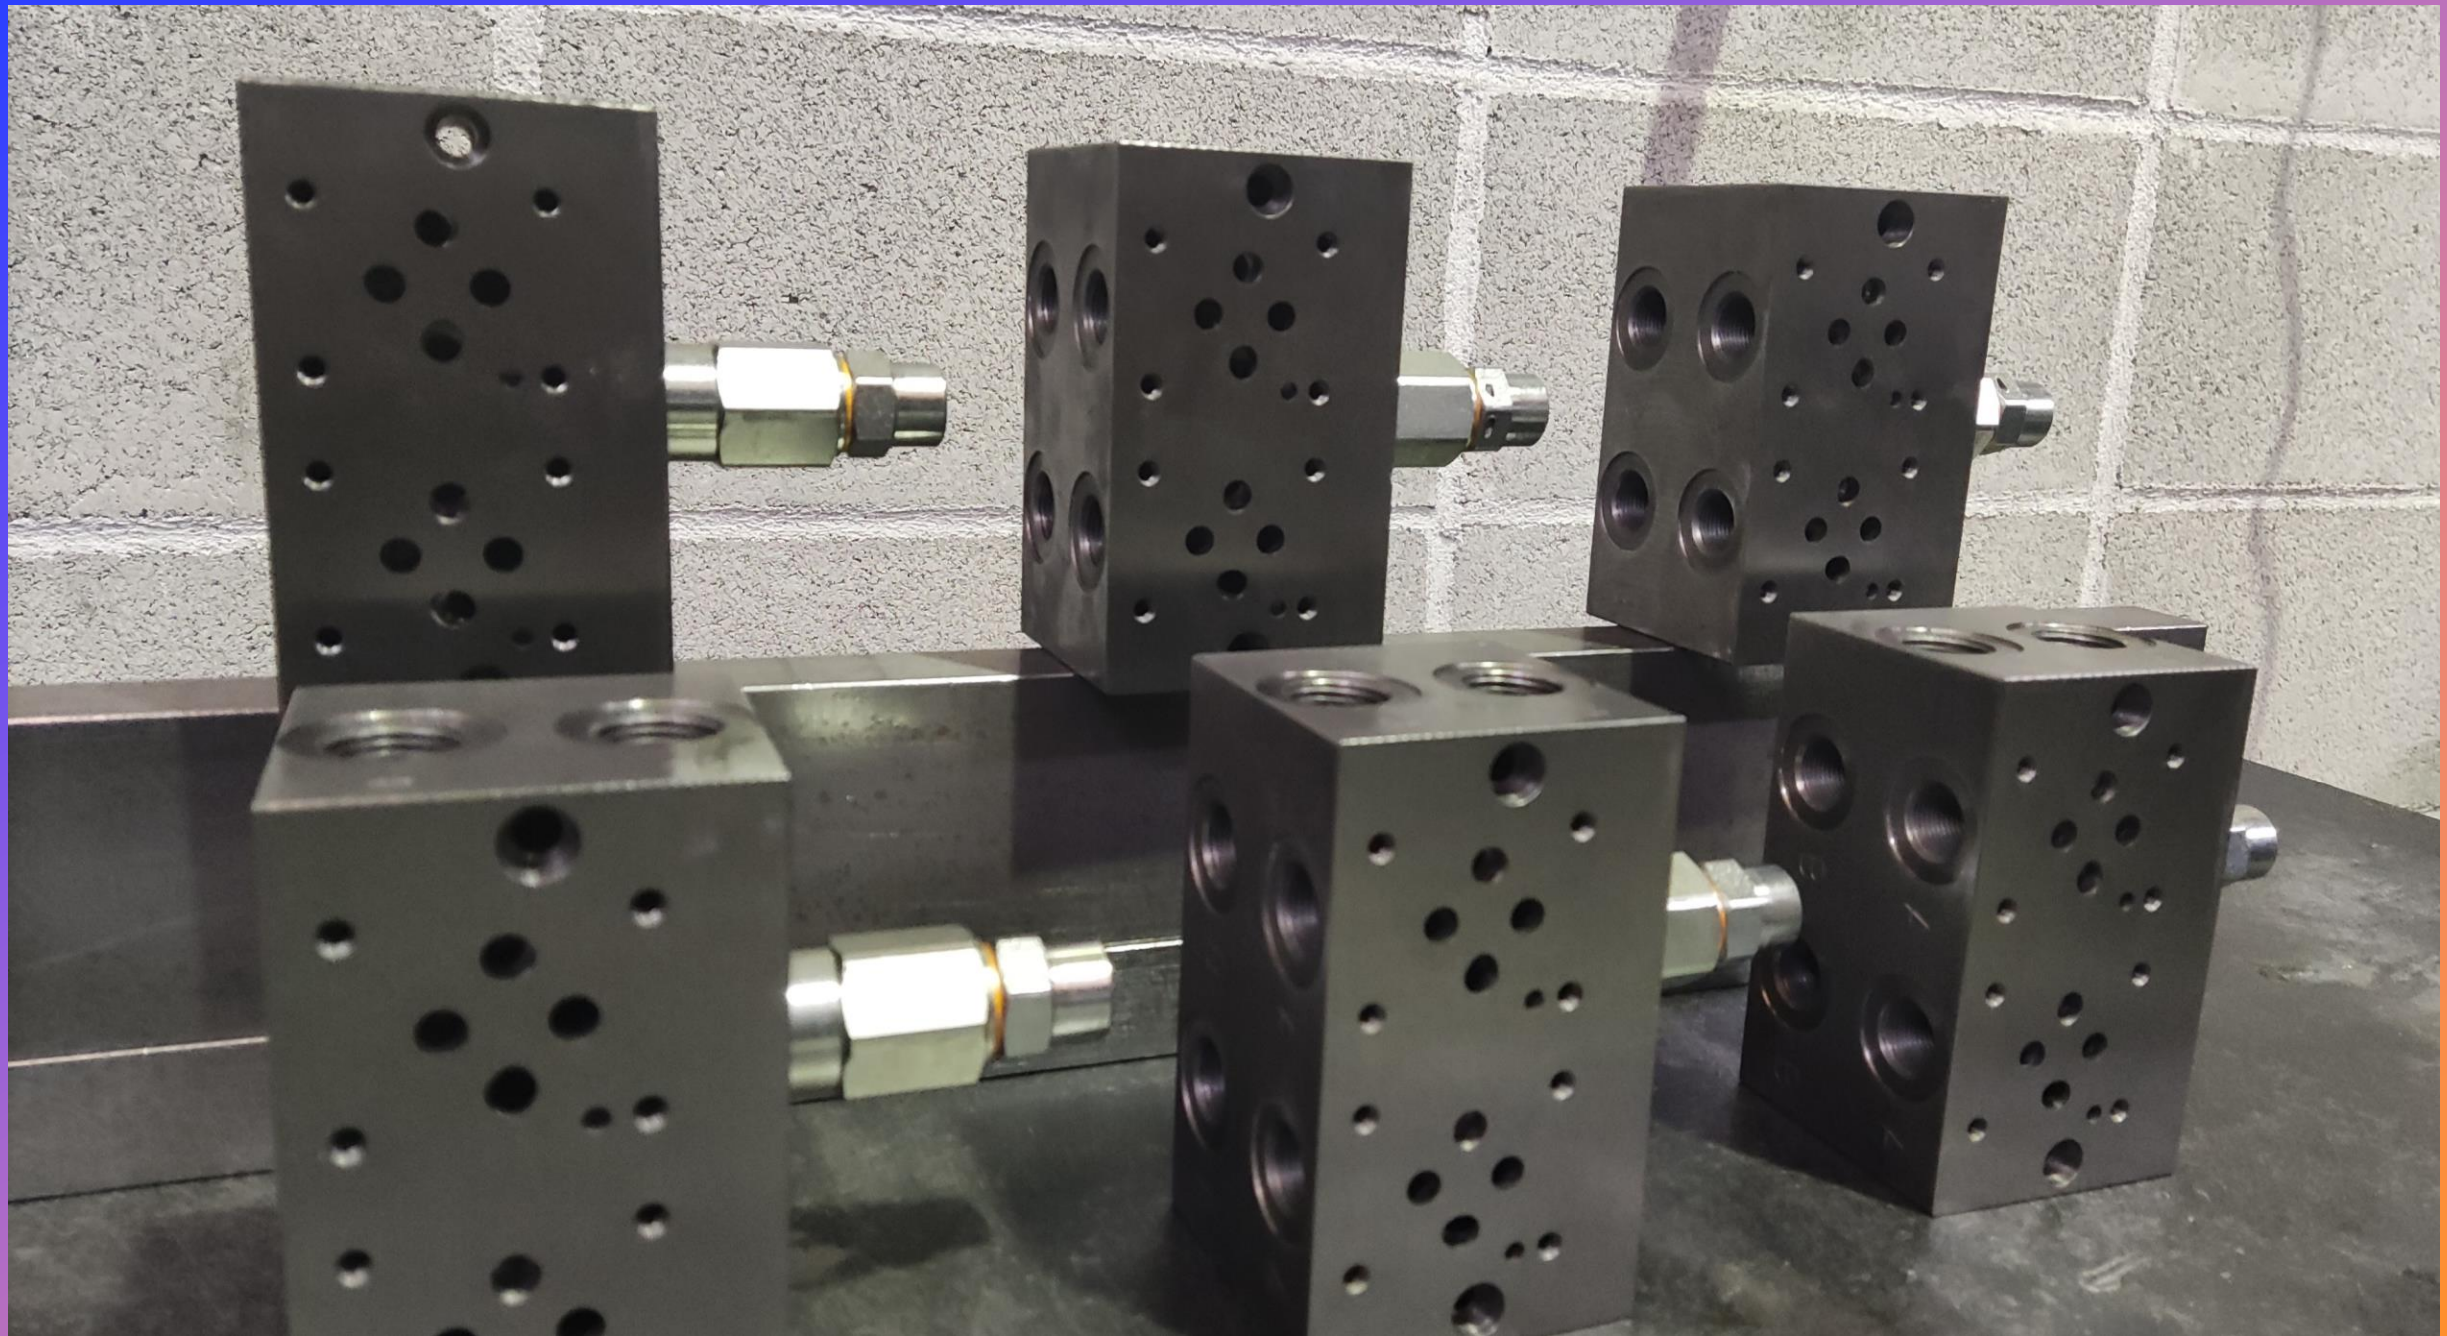

Draulitek manufacturing standard manifolds, which are used for many hydraulic applications. Our extensive in-stock inventory of Standard Manifolds is available for fast delivery.

Draulitek provides quality, standard manifolds at competitive prices with superior service.

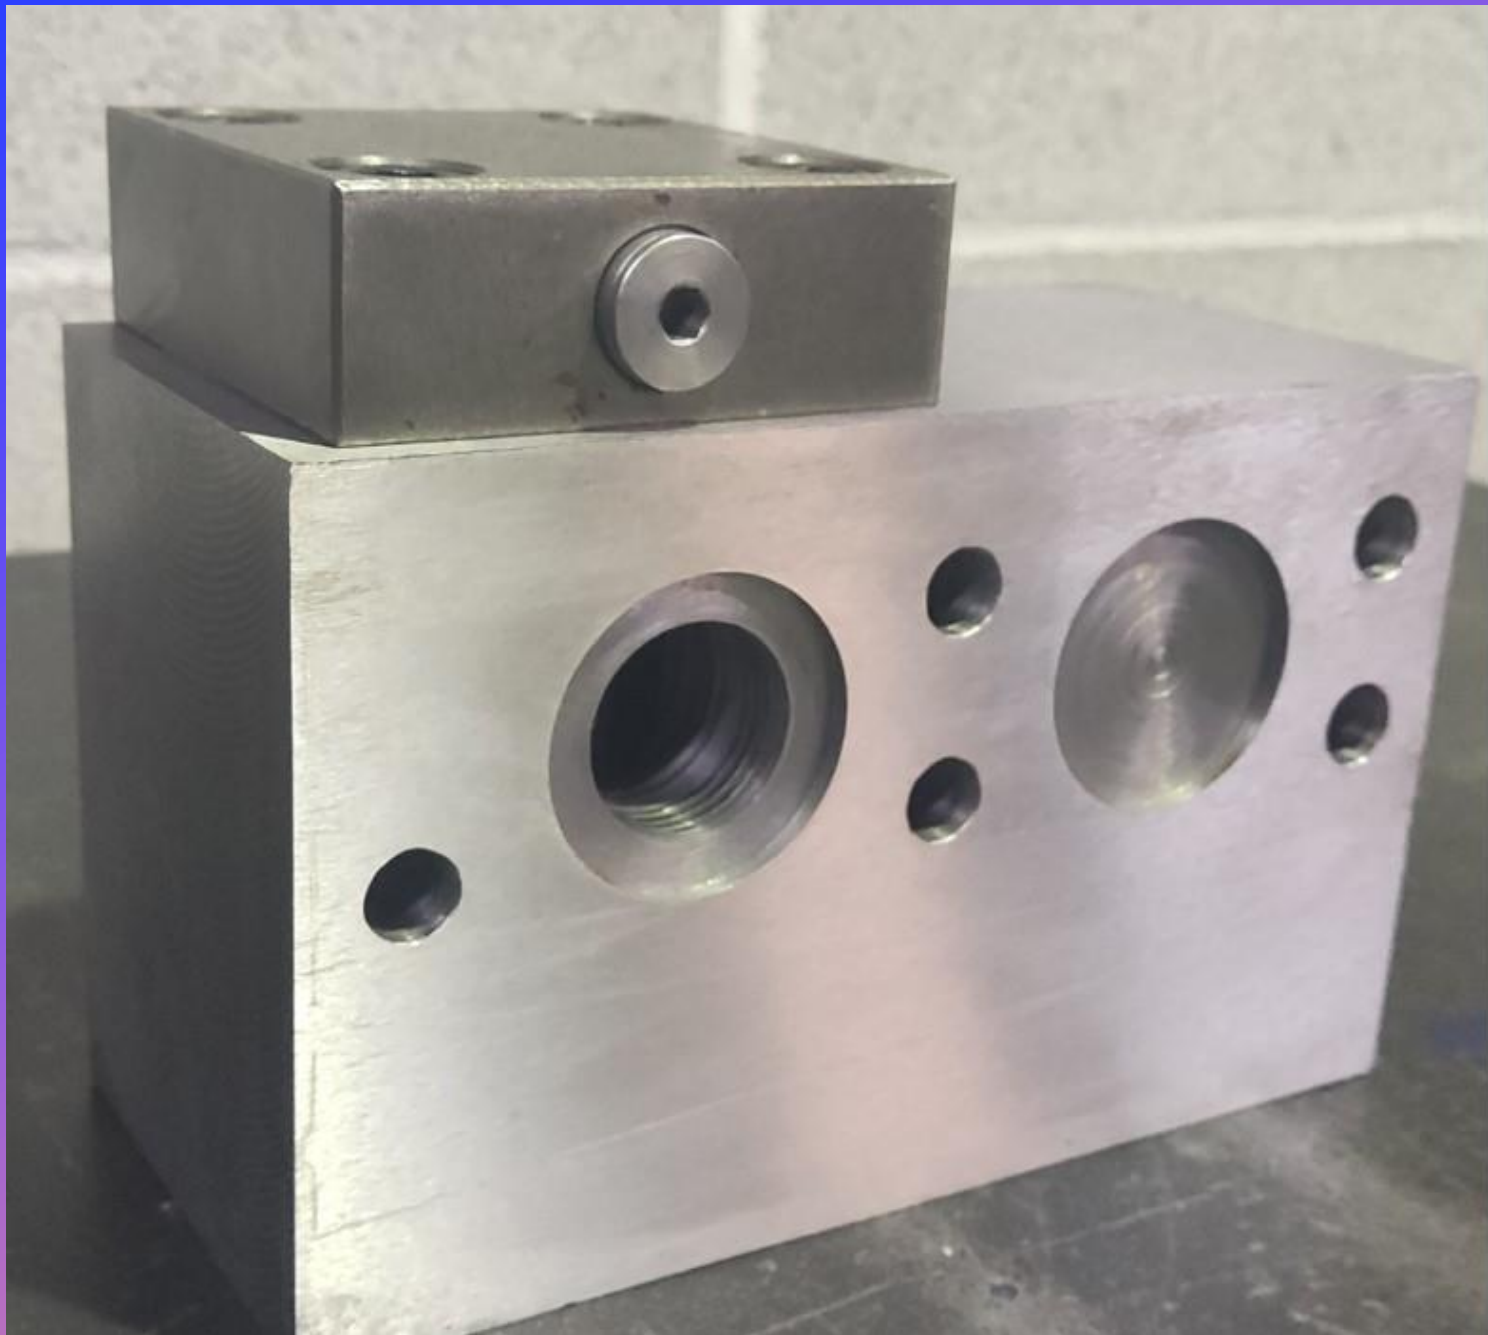

- At Draulitek we manufacture standard and special hydraulic manifolds, in steel, cast iron and aluminum.
-
- We have a 3D Technical Office where we design the hydraulic manifolds for their subsequent manufacture in our facilities.
-
- We have a large stock of hydraulic manifolds in our warehouse
